

September 2017

Dear CAMH Foundation Supporter,

On behalf of the Centre for Addiction and Mental Health (CAMH) Foundation, I would like to extend my sincerest thanks to Peaks for Change for choosing CAMH as the beneficiary of the **7 Summits for Mental Health**. The dedication by the organizers and volunteers is transforming the way people think about mental health, and with your support, we can make a profound impact on the lives of those living with mental illness.

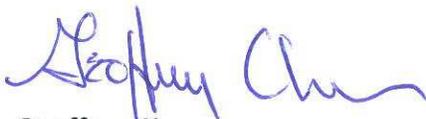

The Centre for Addiction and Mental Health is Canada's largest addiction and mental health teaching hospital. Based in Toronto and networked around the world, CAMH is a national leader in mental health and addictions – with outstanding patient care, innovative research, expert training, world-class health promotion and public policy development. We treat more than 30,000 different clients a year and have 560 inpatient beds, the most of any mental health facility in North America.

Every family, every community, every workplace feels the impact of mental illness. Events such as 7 Summits for Mental Health help to raise much needed funds for the work of CAMH, which, in turn, is transforming the way we care for mental illness and addiction in our community. Just as importantly, this event will help us to build awareness about these issues and break down the stigma associated with them.

We sincerely hope you will support the 7 Summits for Mental Health. Your support is integral to the future of mental health, and your participation is vital to ensuring that we can provide better mental health care and services to those who need it, when they need it the most.

Thank you for considering this request.

With sincere thanks,

A handwritten signature in blue ink that reads 'Geoffrey Chown'.
